NORTH STAR CHERRY

We are slow to push new varieties because we feel they should be well tested before suggesting you buy them but here's one we can. North Star Cherry looks very good to us, actually its the first good pie cherry for this region.

4 ft. Tree \$2.95 — Supply Limited

HYDRANGEA

P.G. (Pink)

This attractive shrub does well in the sun, in partial shade or even on the north side of the house.

Grows 4 to 6 feet tall, blooming from mid-summer to frost, with giant conesh a ped flowers, white at first, then turn fascinating pink and bronze. Fine for cutting lasting for weeks.

18-24 in.

2-3 ft.

LATHAM RASPBERRY

Still tops for all around performance. Red Raspberries are easy to grow and economical. Use blacks and purples only where you have lots of space and at least 100 ft. from reds.

HARALSON APPLE

V CRAB, HOPA

Beautiful deep red blossoms distinguish the Hopa Crab from other Crabs. Many consider it the most beautiful of the flowering crabs. The foliage is dark green with a red cast. The small red fruits remain on the tree until autumn. The tree is halfround in shape, growing to a spread of 15 feet and a height of 20 feet.

4-5 ft. branched trees \$2.65 5-6 ft. branched trees \$3.15

We will also offer this beautiful Flowering Crab potted and growing for \$3.50 each.

See other side for more flowering crabs.

NIOBE WEEPING WILLOW

Long, drooping branches of golden yellow. A good background tree where there is lots of space. Especially nice near water. Graceful, fast growing.

4 to 5 ft. branched trees already started \$1.35 ea

PLANT SARGENT'S EVERGREENS

for Year Round Beauty

ARBORVITAE

AMERICAN ARBORVITAE — Everyone is familiar with the flat, lacy foliage of the American Arborvitae. It is one of our native trees; It naturally grown in a pyramidal shape. It may attain a height of 40 feet and a spread of \$\frac{1}{2}\$ to 10 feet, but it can be limited in size by trimming. It grows best in mois

MUGHO PINE — Here is a low growing dwarf Pine. It is compact and round in shape. The size can be controlled by trimming. The foliage is deep green. It is hardy and will tolerate some shade.

How To Plant Evergreens.

- Dig a hole a foot wider and deeper than the root ball.
- 2. Provide good planting soil to fill under and around ball.
- Set tree so top of root ball is slightly lower than ground level.
- Fill around ball with good planting soil and water thoroughly.

DO NOT REMOVE BURLAP

Through the spring planting season we try to keep a full assortment of balled and potted evergreens dug and healed in sawdust in our lath house ready to load right into your car without delay.

PYRAMIDAL ARBOR VITAE

A fine landscape plant tall and slender. Can be easily trimmed. Prefers some winter shade. Does well on a north side.

Descriptions of other evergreens on other side.

VIRGINAL MOCK ORANGE

A fine old variety, semi-double, fragrant, grows 6-8 ft, narrow upright.

Branchy Plants 18-24" \$1.35 ea.

HILLS OF SNOW HYRANGEA

Grows 3 to 5 ft. Is especially good in shady places, tho needs ample moisture.

THE TOWERING POPLARS

POPLAR, LOMBARDY. Everyone is familiar with this tall stately landscape tree which can be used to accent points, quick screens, backgrounds and along driveways. It is quick growing and has very glossy leaves that shimmer in the sunlight. The branches grow close to the trunk and upright to form a tall, narrow tree. Height 60 feet, spread 6 to 8 feet.

Branched trees 6-8 ft. \$1.40 Branched trees 8 to 10 ft. \$2.15 3 to 4 ft. 10 for \$2.35 4 to 5 ft. 10 for \$3.15

POPLAR, BOLLEANA If you want a fast growing tree with the Lombardy habit of growth but with more color, you will be pleased with the Bolleana Poplar. In summer the leaves are glossy green above and silvery white beneath, and in autumn they become a showy yellow. The bark is an attractive green. Height 50 feet, spread 6 to 8 feet.

Branched Trees 4-5 ft. \$1.65

CONCERNING SARGENT'S ROSES

CONCERNING SARGENT'S ROSES

WHERE GROWN — All of our Rose bushes are grown for us in the far west where, we consider, the very highest quality Rose bushes in America are produced.

VARIETIES — There are literally hundreds we choose from and we select only those which have become the most popular because of superior performance. Every single variety we offer is amongst the list of leaders.

PRICES — Don't feel that the highest priced ones are always the best. For instance we have seen no finer dark red than Crimson Glory. If you are beginning the hobby choose the less expensive ones first.

5. CRIMSON GLORY
A finer red we have not seen—profuse, vigorous, very fragrant.

Plant Floríbunda Roses

- For Quality of Bloom.
- For Continuous Bloom.
- For Bouquets and Corsages.
- For Mass Planting.

Floribunda Roses are hardy and long lived. They need comparatively little care, and they come in a wonderful range of colors.

To him who, in the love of nature, holds communion with her visible forms, she speaks a various language; for his gayer hours she has a voice of gladness, and a sinile and eloquence of beauty, and she glides into his darker musings, with a mild and healing sympathy that steals away their sharpness, ere he is aware.
